THE STATE OF NEW HAMPSHIRE.

TOWN WARRANT.

To the Inhabitants of the Town of Andover, in the County of Merrimack, in said State, qualified to vote in Town Affairs:

(L. S.)

You are hereby notified to meet at Town Hall, in said Andover, on Tuesday, the tenth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.

3. To see what sums of money the town will vote to raise and appropriate for highways and bridges.

4. To see if the town will vote to accept the provisions of Chapter 117, Laws of 1917, on the unimproved section of the Mascoma road, so called, and raise and appropriate $500 for said purpose.

5. To see if the town will vote to raise and appropriate the sum of $5,000 to be used for State Aid Construction. If the town raises the said amount the State and Federal government will appropriate $15,000, making a joint fund of $20,000.

6. To see what sum of money the town will vote to raise and appropriate for permanent repairs on highways under the laws at the January session, 1905. This article does not have to be raised if we accept State Aid.

7. To see what sums of money the town will vote to raise and appropriate for the town library in addition to that required by law.

8. To see what sum of money the town will vote to raise for the care of the cemeteries.

9. To see what sum of money the town will raise and appropriate for Memorial purposes.

10. To see what sum of money the town will raise for observing Old Home Day.

11. To see if the town will vote to raise and appropriate the sum of $800 for the purpose of controlling the White Pine Blister Rust.

12. To see what sum of money the town will vote to raise and appropriate for the purpose of securing the services of a district nurse.

13. To see how many more street lights the town will vote to have in addition to what they now have.

14. To see what sum of money the town will vote to raise and appropriate for lighting the streets.

15. To see if the town will vote to raise and appropriate $2,005 for black top on our State and Federal roads. If the town raises said amount the State will appropriate $4,010, making a joint fund of $6,015.

16. To see what action the town will take in regard to making more room for the town library and see what sum of money the town will vote to raise and appropriate for said purpose.

17. To see what the town will vote to do with the personal property of the late Charles P. Sawyer.

18. To see if the town will vote to discontinue the use of short piece of road on Andover Plains.

Given under our hand and seal, this twenty-first day of February, in the year of our Lord nineteen hundred and twenty-five.

The State Highway Department offers the following project for the construction of Trunk Line work for the ensuing year as follows. If the town will accept, the State and Federal government will appropriate $15,000 and the town will be required to raise $5,000, making a joint fund of $20,000.

The intention is to build road near Mitchell underpass and cross over the railroad near land owned by Samuel Currier where the bridge is at present time.

The State Highway Department recommends another black top coating applied to our completed trunk line highway and estimates the cost will be $6,015.00. In this project, the State will appropriate $4,010.00 and the town $2,005.00.

FRED E. EMERSON,
EDWIN A. McKEAGE,
FRED D. SMITH,
Selectmen of Andover.

AUDITOR'S REPORT.

I have carefully examined the accounts of the Selectmen of the town of Andover, N. H., for the year 1924, and find them correctly cast and properly vouched for.

FRED E. PUTNEY, Auditor.

FRED F. CHASE, Town Clerk.

PUBLIC HEALTH ASSOCIATION.

The work of the Public Health Association has continued this year through Miss Frances W. Seiler, R. N., who has been with us for two and a half years. At the last town meeting $1200 was raised for the nurse's salary. The town accepted from Mr. Richardson of East Andover the generous gift of a new Ford touring car which has been of great help to the nurse in reaching schools and homes far from the railroad stations, and in taking patients to Franklin and Concord for treatment. The Andover Relief Association has worked in close cooperation with the Health association and has made it possible to care for cases that could not otherwise have been undertaken.

Miss Seiler was absent for several weeks in the fall because of her father's illness. One month of this absence was counted as lost time, the remainder as a part of the yearly vacation to which her contract entitles her. There was fortunately very little sickness during her absence.

The nurse's report is here given:

LIBRARY REPORT.

February 1, 1924, to February 1, 1925.

The Andover Town Library has about 5,098 books, not all calculated for circulation, as many of them are reports, laws, encyclopaedias, etc.

The number of books circulated during the year is 1824. Of these 1388 were put out at Andover and 436 at East Andover.

Again we wish to thank townspeople and summer residents for gifts of books and money for the Library.

No one has yet been found willing to attend to the circulation of books at Taunton Hill, Cilleyville, Potter Place or West Andover.

SUPERINTENDENT'S REPORT.

.. Andover, N. H., February 14, 1925.

To the School Board and the Citizens of the Andover School District:

I hereby submit my sixth annual report as Superintendent of the schools of Andover. This includes the honor roll of attendance and the statistical table for the year ending June 30, 1924, and deals with matters in both the present and the past school year.

The only changes this year in teachers were at East Andover Grammar where Mr. Norling was succeeded by Miss Abbie J. Ellis of Union Village, Vt., an academy graduate with two summers of normal training and ten years' experience; and at Taunton Hill, which was opened last spring after being closed for several years, and which was supplied by Normal School seniors for that term. Miss Mura B. Fifield of Warner, a high school graduate with two summers at Normal School and one year's experience, came to this school in the fall. The present number in this school is five, and one of these will move from town before the spring term. The only one of our teachers who attended summer school this year was Mrs. Cody of the Center Primary. Others have plans for attending next summer. The summer school work is required for all who have begun teaching since 1919, four summers out of five being necessary to obtain and hold approval. To those older teachers who have taken such summer work it has proven of great value.

Intelligence and achievement tests were given toward the end of last year, the Meyers' Mental Measure in Grades 1 to 8 and other tests in grades 3 to 8. One result of the mental tests is to detect children whose ability is so low as to make it impossible for them to do the work regularly required of their age. Another

result is the detecting of superior ability which would allow a child to work ahead of his class, and thus save a year or more of time. Even one case of this kind is worth the cost of a year's supply of tests.

The health work has been carried on through the co-operation of the Public Health Nurse. We have been able in some cases to check infectious disease by prompt exclusion of children who could spread infection. This has meant a saving in school attendance, as well as in care and anxiety to parents whose children have been protected from disease.

The average number of no school sessions in the district last year was 19, a much better record than the 25 of the preceding year. At Flaghole there were only three tardinesses and at Cilleyville only six. The total number, however, is inexcusably large, the worst in this respect being the two grammar schools where there seems to be the least reason. This can be explained in most cases by the indifference of parents who leave it to the children and the teacher, or who send excuses for trifling reasons without realizing the injury to the school and to the child. In the Center Grammar school the tardinesses were five per pupil of average attendance; in the Primary School less than two; in the East Grammar, seven per pupil; in the East Primary less than two. The average attendance of all the schools has increased in the last five years a little more than 25 per cent, a growth worthy of notice. The large number of visits by parents and citizens indicates interest in school work, and is encouraging to pupils and teachers.

The work contributed by the various Andover schools for the Union District Community Meeting in Grafton in November was commendable. Two charts, one of seeds and one of native woods, made by the eighth grade boys at the Center, attracted special attention. The work in general showed real improvement since our first exhibition three years ago at Wilmot.

Few alterations or improvements have been made since my last report was written. This is a deferring, not a saving, of expenditure. At Flaghole the plaster is loose on ceiling and walls and the roof needs reshingling; at the East the school yard needs improving as recommended last year, and the toilets should be re-

placed by a type that can be kept in sanitary condition, as these now in use cannot with the present number of pupils. This building needs new paint outside and minor repairs about the entrance. At the Center there ought to be such heating arrangement as would do away with the stoves in the school rooms and make it possible to use the water supply during the winter. The problem of better light for the primary room has not yet been solved, nor the needed windows added to the dark basement stairways. Better sanitary arrangements are also needed here.

I write this, my final report, with deep appreciation of the support and cooperation of officers and patrons, of teachers and pupils, in the Andover School District, and with confidence that my successor will supplement our present plans with valuable suggestions from his own experience for raising the standard of your schools and developing a just pride in them.

Cordially and respectfully submitted,

IDELLA K. FARNUM.

LOUIS J. QUIMBY, Treasurer.

Andover, N. H., Feb. 7, 1925.

I have examined the accounts of Louis J. Quimby, Treasurer of the Andover Village District for the year ending January 31, 1925, and find them correctly cast and properly vouched.

EVERAND C. PERKINS, Auditor.

The Commissioners of the Andover Village District submit the following inventory of which $32,332.50 is the approximate original cost of installing main service pipes, hydrants, gates, right of way for the purpose of repairs, and also a right of way not covered by any cost, which way is along the main roads of the Precinct. We have not been able to obtain a definite percentage of depreciation for the fifteen years which the system has been in use on account of the chemical action of the water in this locality.

For the purpose of arriving at some percentage of depreciation the following discounts are used: Main line service pipe and gates, 10 percent; hydrants 50 percent; hose, 50 percent; service pipes to curb, 75 percent.
